WHO WERE WE

America was blessed by Divine Providence - when we adhered to God's eternal truths.

Our history is replete with examples of this, such as; Columbus' conviction of being led on a sacred mission as he was blown off course to discover America; the Pilgrims landing in the only non-hostile area of the Northeast coast; General Washington's miraculous "foggy" retreat from Long Island; the saving of West Point from Benedict Arnold's treasonous acts; and many other documented events which bear evidence of God's protection in the founding and then establishment of this unique nation.

When our forefathers values were threatened, they took up arms to defend what they knew in their hearts was right and secured OUR freedom.

After considering every civilization, society and government that preceded them, they created a unique democratic-republic, with control vested directly and indirectly in the people - with no political party involvement. It was solidly bedded on biblical principles, acknowledging the endowed truths and is still regarded as the most unique governmental structure known to man.

We were a Christian nation, founded by people who believed in God, who lived their beliefs daily. Biblical principles were involved in every aspect of their lives. They understood and practiced a balanced life-style, successfully melding their physical needs with intellectual pursuits and spiritual nourishment. By balancing body, mind and spirit they controlled their destiny to create a safe, anointed environment which gave them a peace and prosperity not known before on earth.

WHO ARE WE

Recent generations have turned away from our spiritual heritage. The hindsight of history depicts an abandonment of not only the eternal truths but also the fragile and unique form of government that was created. Materialism is the new idol we worship. Contemporary truths have replaced eternal truths. Fear has replaced trust. Rules have replaced conscience. Socialism has replaced independence. We have failed our founders. We have put ourselves outside of God's protection. Will we choose to turn back to it?

The Four Steps to Restore America's Divine Protection

... if my people who are called by my name humble themselves, pray, seek my face, and turn from their wicked ways, then I will hear from heaven, and forgive their sin and heal their land.

2 Chronicles 7:14

The Strength of Humility

Are you as a person and us as a nation strong enough to own this kind of humility?

Humility is the key to regaining our balance of strength and peace, and His divine protection.

BODY, MIND, SPIRIT THE HUMAN TRILOGY

AMERICA'S SEARCH FOR BALANCE & PEACE

Presented by

Spiritual Renaissance

**Encouraging Judeo-Christian
and Constitutional Values**

REDISCOVER THE BALANCE NECESSARY FOR YOUR PEACE AND PROSPERITY; AND OUR LOST NATIONAL IDENTITY

THE HUMAN TRILOGY

As human beings we are composed of the visible body and the invisible spirit and mind. There is a direct and consequential relationship between these three essential parts. By honestly answering the following question, I will show you this connection and how you can rid yourself of this negative feeling and find your own peace.

SPIRITUAL AWARENESS

Do you have a gnawing feeling, deep in the pit of your stomach, that something is dreadfully wrong in America today?

If you are like the many Americans I've visited with, you do; and that's good (read on to see why); but please, don't ignore that feeling any longer!!

That gnawing feeling is YOUR spirit desperately trying to get your attention; to help you.

Before your Mind (intellect) goes into protective overdrive, let me assure you that this is not about religion. To clarify, let me briefly explain the difference between your spirituality and religion.

Your spirit resides in you, it is *internal*; it is also referred to as your soul; it is your direct connection to your Creator, *Nature's God**; it is also your direct connection with the eternal truths, the *Law's of Nature**; it is the ultimate representation of your love, goodness and trust. It is where the eternal truths and values reside in you; and yes, it's an integral part of your humanity.

Religion, on the other hand, is man's *external* attempts of managing that love, goodness and trust. As the hindsight of recorded history shows us, man's use of religion has had mixed results. Religion has caused untold suffering, pain and alienation to many people instead of providing the very thing the people wanted and needed. So many people today, relying mostly on their intellectual deductive powers, have come to the conclusion that religion is bad and thus become very uncomfortable whenever the topic comes up, much to the detriment of their own spirit and overall well-being. Our spirit is there to give our intellect

guidance, not the other way around.

So, this discussion focuses on our own *internal* guidance not the man-made *external* organizations.

YOUR MIND

Our minds started capturing information and experiences in the womb; information used primarily for our safety and welfare. It is the repository of our conscious and unconscious human experiences and conclusions. Familial and social experiences form the basis of our conclusions and thus our path in life.

Rational humans understand fallibility; we understand that we make mistakes, that we don't have all the answers. Without spiritual input, the mind, recognizing it's fallibility will acquire a more survival oriented posture. Fear becomes the driving force and protection the finite goal.

YOUR BODY

Our bodies are incredibly complex chemical organisms which are directly linked to the earth for physical support. It is the visible result of the invisible mental and spiritual process. Learning about your body, how to care for it, its many component and how they interact are necessary to being healthy. The phrase, garbage in - garbage out, also applies here. In learning about the marvelous processes that have gone on since the beginning of time, without our understanding or input, we get a glimpse of the wonderful gift our bodies are to each one of us. This is probably why most religions refer to our body as the temple of our soul (spirit) which must be respected.

THE CONNECTION

So, there is a definite connection between Spirit, Mind, and Body. The ideal situation would be perfect balance, much like the three legged stool on the cover having three equal length legs.

The eternal Spirit assisting the finite Mind, providing unconscious and conscious inputs to the Body. Again, hindsight shows us the imperfections associated with our finite mind and our involuntary survival instincts when our minds dominate.

When our Spirit isn't nurtured it can't effectively

assist the mind to create healthy choices for our bodies. This is called dis-ease, to not be in a harmonious state. Physical disease is the direct manifestation of an imbalance of our core trilogy. Unchecked intellectual processes create direct physical manifestations and chemical overload. When the mind is primarily responsible for all the answers - and does not have them - it instinctively becomes defensive and fear becomes evident. When the mind rules, fear and self-preservation become paramount issues.

THE CHOICE

First, recognize that your nagging feeling is a healthy warning that you are out of balance. Your Spirit must be nurtured daily, and consciously involved in your intellectual decisions. Slowly it will infuse your unconscious mind; you will become and act more balanced; and be more at peace. But you must choose this. Even though the Spirit resides in you, you must choose to involve it.

In America this has been and once again should be demonstrated through our Christian values. Such grass roots, practical Christianity would (once again) effect our families, community and nation. Soon we would have Christian representatives and judges. Then the laws and rulings they make would reflect what we hold important. We would once again become a balanced nation and the world's trustworthy friend.

JOIN THIS SPIRITUAL RENAISSANCE

Why is this so important? Because without your balance you cannot have inner peace; and without inner peace, there cannot be collective national peace; and without national peace we cannot demonstrate the core values that once made us unique. We must restore these lost values and once again be the only land of hope in this world.

Join us in promoting this individual and national renaissance of balance and peace. Do your part, nurture your Spirit and commit to finding your balance and peace. The worst thing that can happen is that you'll find an enjoyment and fulfillment that has eluded many humans.

SPIRITUAL RENAISSANCE PROGRAM

The Constitutional Educational Research Foundation (CERF) is a 501(c)(3) not-for-profit, nonpartisan organization which believes in and supports the Spiritual Renaissance Program (SRP).

CERF-SRP exists to inform and educate the American public through heartfelt and easily understood programs on the necessity of blending our spiritual Christian values with our daily actions to promote a Constitutional balance.

We exist solely on contributions. We do not solicit and do not accept government or political funding. Instead, we rely on contributions from foundations, businesses and individuals.

The active support and participation of concerned and interested citizens like you is the only way to improve our governmental process. Whether you choose a one time or ongoing contribution, your support is the only thing that sustains this vital work.

We sincerely thank you for your support.

Your participation and donation are essential to spread this message, BUT YOUR DAILY EXHIBITION OF CHRISTIAN VALUES is the real measure of all our successes.

You Have A Choice ***(as always)

There are two donation choices listed on the donation page. (see other side and explanation below)

Christian Giving

Some prefer to follow the biblical giving practices taught by Jesus as outlined in Matthew 6:1-4.

Jesus said, *"Take heed that you do not do your charitable deeds before men, to be seen by them. Otherwise you have no reward from your Father in heaven. Therefore, when you do a charitable deed, do not sound a trumpet before you as the hypocrites do in the synagogues and in the streets, that they may have glory from men. Assuredly, I say to you, they have their reward. But when you do a charitable deed, do not let your left hand know what your right hand is doing, that your charitable deed may be in secret; and your Father who sees in secret will Himself reward you openly."*

Consequently they choose not to seek an earthly reward for their giving. However, many businesses opt for the tax deduction rather than let the government take it. Let your Spirit guide you. Either way, the assistance you provide is sincerely appreciated.
