

## Constitution Day Petition

By my signature I acknowledge that:

I am a citizen of the county and state indicated, and of the united States of America; and that I support the establishment of September 17th as Constitution Day, a National day of recognition.

The Constitution of the United States is the oldest and only one worldwide that puts the citizens in complete control of government.

Our Constitution is the primary foundational document with the sole purpose of limiting the legitimate powers of government. The Constitution deserves a specific day of recognition.

The precepts outlined in the Constitution are essential to the unique republic formed by the founders. The lack of special emphasis such as a specific day of recognition has caused successive generations to know less and less about this foundational document.

*As my elected representative, I direct you to carry this message from your constituents to the Congress to support the creation of this National day of recognition, Constitution Day.*

I proudly add my name to the petition shown on the Constitution Day page calling for a national day of recognition and holiday: Constitution Day.  
Add me to my state petition and present it to my Congressional representative.
